

# **Health in All Policies**

**Intersectoral training workshop, 29 – 31 May  
2018**

# Objectives

At the end of this course, participants will have the necessary knowledge and practical skills to accelerate implementation of the Health in All Policies (HiAP) approach in Sudan and evaluate its results.

- Identify the socioeconomic and environmental factors that influence health and health inequity;
- Describe the major contemporary health challenges facing Sudan, their causes and consequences;
- Recognize and appraise different structures and mechanisms for intersectoral action;
- Explain the Sudan HiAP Road map;
- Develop and present influential policy briefs;
- Conduct a stakeholder analysis and support negotiations for health;
- Discuss examples of HiAP implementation at local, regional and global levels;
- Recognize different types of monitoring and evaluation and assessing national plans; and
- Explain the roles of the health and non-health sectors in HiAP
